

INTERNATIONAL

KENTUCKY EXTENSION HOMEMAKERS

The International Program is designed to help change and develop the shifting needs of people in our communities around the globe. This program supports statewide KEHA activities that develop and create innovative learning, spotlight global growth projects and highlight learning lessons that achieve our goals. All our work is implemented in collaboration with the United National “Sustainable Development Goals” (SDGs) which are the blueprint to achieve a better and more sustainable future for all. They address the global challenges we face, including those related to poverty, inequality, climate change, environmental degradation, peace and justice. The 17 goals are all interconnected, and in order to leave no one behind, it is important that we achieve them all by 2030.

Share Your Club Activities in the KEHA International Facebook Group to give other counties and clubs ideas for their next project!

KEHA International Goals:

- 1) Promote culturally representative programs to help KEHA members have a better understanding of people who live in other parts of the world.
- 2) Promote culturally representative programs to help KEHA members have a better understanding of people moving into Kentucky communities from other countries.
