

## WILDERNESS TRAIL AREA PRESIDENT'S REPORT 2016

It is my honor to present to you the 2017 President's report for the Wilderness Trail Area which is comprised of counties: Bell, Clay, Harlan, Jackson, Knox, Laurel, Rockcastle and Whitley. I am especially proud of the universal giving spirit across the Area. Homemakers across the Area have given their time, their money and themselves to make a better place in which to live.

The Ovarian Cancer Research Fund received 100% support from our counties. The counties also provided 4-H scholarship funds and academic scholarships to worthy students. A concerted effort was made to identify and capture volunteer service hours completely and uniformly across the Area. Many craft classes were offered to try to continue to keep the skill alive and engender new membership. I have highlighted several activities for each county below to give you a flavor of the skills and knowledge of our Area.
